Introduction

Long ago, in a far away land just around the corner, raged a battle against a fierce Wizard.

The Wizard was cruel beyond imagination, and cast his bad magic upon the good people of the kingdom. Legions of soldiers were sent out to battle the Wizard, but the soldiers returned to the king defeated and disgraced.

Fortunately, sorcerers loyal to the good king devised a magical means to create a dragon. By having the dragon fight the Wizard, no more harm would come to the townspeople or the King’s soldiers.

The sorcerers were victorious as the dragon’s great power defeated the Wizard. The king ordered the sorcerers to entomb the Wizard inside of a special sword. The little kingdom was safe from the Wizard, and the people were happy and prosperous once again.

The good sorcerers told the king, “Should the Wizard ever escape from within this special sword, only a warrior from a faraway land will be able to defeat him!” The next day, the sorcerers had mysteriously disappeared.

The special sword was placed in the care of only the highest officials in the land, and was passed down along with the prophecy from one generation to the next. All the while, the Wizard, entombed within the special sword, thought to himself, “If I were so fortunate to escape this prison of mine, then the people of this little kingdom shall suffer the wrath of my revenge!”

Then, one day, not too long ago, in the kingdom of FARIA something terribly ominous was in the air...

Main Characters

A FOREIGN WARRIOR

You are a foreign warrior who has decided to rescue the Princess after reading the King's summons for help. A mysterious and tricky spell was cast upon the warrior by the Wizard, a spell not even the warrior is sure about!

PRINCESS

Only daughter of the King. She was kidnapped by a follower of the Wizard. Your ultimate mission is to rescue the Princess from his evil clutches. (Photo 15)

KING

King of Faria. He sent his soldiers to rescue his beloved daughter and save the kingdom, but no one succeeded. He spends his days weeping in sorrow and defeat. (Photo 16)
The Townships

1) EHDO

Your adventure starts in this township. Buy some equipment for your adventure. Go shopping!! With the Gold you have you can buy some fantastic items. Visit the townspeople; they are reasonably friendly and can be very helpful to warriors who are out to defeat the cruel Wizard! (Photo 17)

2) SOMUSA

You have to see the King first to get to this township. Security is tight when you have a mean Wizard on the rampage and monsters lurking behind every bush! With the exception of the Jewelry Shop, the items sold in Somusa are not much different from the items found in Ehdo. If you have found any jewels, this is an ideal place to sell the precious gems for Gold.

3) KARUZA

Once you defeat the Boss Monster in the infamous Gelve Tower, you may travel to this township by way of an ocean voyage.

4) HIGHRIA

Before you get to the Broww Tower and the First Cave, buy some equipment in this township. (Photo 18)

5) RIRIA

The hospital in this town is very important. This is the only place in all of Faria where you can buy the Wonder Capsule. (Photo 19)

6) TEODOOR

To get to this town, you must defeat the Boss Monster in the Second Cave. Be sure to visit with the people of this township; they are in need of a great favor. Succeed at the great task that lies ahead, and the good people of Teodoor will give you a sorely needed Translation Machine, with which you can then communicate with the Lizard Man. (Photo 20)

7) TEGZA

Here you will receive a Letter of Passage with which you may then travel to the township of Shilf. If you have enough Gold you can buy the Muramasa Sword at the Tegza Armory. The Muramasa is the strongest and most powerful sword in all of Faria.

8) SHILF

After you cross the ocean and walk toward the southeast, you will come to this charming township. You may want to talk to the townspeople and rest a bit before going to the North Tower, which is located to the northeast. (Photo 21)
9) ZELLIA
To get to this township, you have to come back from the Sky World and get the Magic Rope. Your major activity in this town will be to acquire the Crystal which would reveal the true Phantom Tower. (Photo 22)

10) BEIG
The last township to be visited in the kingdom of Faria. This township is the entrance to the Last Cave and the Final Tower. (Photo 23)

There are seven types of shops in the different townships where you can buy or sell items. Visit the shops regularly, for shopkeepers see many people, and know much about important events in their area! (Photo 24)

INN
You can pause the adventure at an inn. No gold is used. If the warrior is killed, the amount of gold is reduced by half, and the game resumes in the situation in which the adventure was last saved.

HOSPITAL

ARMOR SHOP
You can buy armor and shields in the armor shop. Use the EQUIP command. (Photo 25)

MAD SCIENTIST SHOP

GELVE TOWER
The warrior should visit this tower first to rescue the kidnapped princess. (Photo 30)

FIRST CAVE
Here the warrior may receive a Gold stone from the Master of the Cave. (Photo 31)

BROWW TOWER
This is the second dangerous tower the warrior should visit. If the Boss Monster is defeated, you get a special Ring.

SECOND CAVE
The warrior must pass through this dark cave on the way to the townships of Teodoor, Tegza and Shilf. Of course, a Boss Monster may be lurking around the next corner in anticipation of your visit! (Photo 32)
NORTH TOWER
This tower is located north of Shilf. If you defeat the Boss Monster who lives in this tower, you shall be awarded a pair of Sky Shoes.

PHANTOM TOWER

LADY SHOPKEEPER OF THE GENERAL STORE
Provided you have a pair of Sky Shoes, you'll find the entrance to the Sky World at the base of this mountain. Be forewarned, you'll find trouble around this spooky place. (Photos 39 and 40)

LAKE OF THE MYSTICAL GODDESS
Here the warrior may have the good fortune to meet a mystical goddess and exchange an old arrow for an Arrow of Gold. Save the people of Ehdo from a deadly illness, before searching for the mystical goddess. (Photo 41)

OCEAN PORTS
These ports are ideal places to obtain passage on ships sailing hard to reach places. Make certain that you have the necessary papers for traveling, as well as Gold for your passage! (Photo 42)

SKY WORLD
This is a mysterious and dangerous world in the kingdom of Faria. There is only one correct exit from here. If you choose wisely, you may find the Magic Rope. If you choose poorly, you will have to repeat the Sky World adventure from the beginning. (Photo 43)
PEOPLE IN TOWN

Even though the Wizard is ravaging the Kingdom and terrorizing the townspeople, the people of Faria are good-natured and are willing to assist you in your quest. Meet with them frequently, for they have much to tell you.

ATTACK BY MONSTERS

The warrior must fight with many monsters. You should be aware of the three ways in which monsters may attack. (Photo 44)

*Attack by Parapo Beam*

A monster blows a high concentration of paralyzing potion as a method of attack. If attacked in this manner, the warrior will not be able to move for a certain period of time. To recover from this attack, use the Parapo medicine.

*Attack by Poison*

If the warrior is attacked with poison, the warrior must be treated in a hospital, or may use one of the four types of antidote (see List of Items).

*Attack by Invisible Monsters*

If you have a pair of Magic Glasses, then invisible monsters can be seen!

---

**Swords**

There are nine types of swords. You must have a sword to fight against any enemies. Always try to purchase the best sword possible.

*KNIFE*

The Knife is available in the first township.

*DIRK*

The Dirk is also available in the first township. It is a little more expensive than the Knife, but it has more fighting power. A better buy than the Knife.

*IRON SWORD*

The Iron Sword has a fighting power that matches its price. Buy this sword as soon as possible and use it until you can buy a better quality Steel Sword.

*STEEL SWORD*

You can buy the Steel Sword after you have entered the township of Highria.

*SCIMITAR*

You can also buy the Scimitar after you have entered the township of Highria.
FIRE SWORD
One of the most powerful swords in all of Faria. Its fighting power is great, but the Fire Sword is expensive.

MURAMASA
The strongest and most lethal sword in Faria. This sword is finely crafted, well balanced, and of amazing power, so its price is very high.

PAPER SWORD
Very affordable. The quality and fighting power is incredibly low.

LEGENDARY SWORD
You must have the Legendary Sword to defeat the final enemy, the Dragon. A magnificent sword such as this is a worthy gift for a King.

Bows
The bows are as important as the swords. A bow can inflict damage from a distance. But a bow has a disadvantage: every time you use it, you lose an arrow. Always keep count of the arrows you have left. You can buy a quiver of arrows at any armory. The maximum number of arrows you can use is 250.

WOOD BOW
Available at the first armory, along with the Knife and the Dirk. You should buy some arrows to use with it.

BAMBOO BOW
Its fighting power is higher than that of the Wood Bow.

IRON BOW
A standard, good quality bow.

STEEL BOW
A useful bow, with reasonably good power; use it until you can buy the Cross Bow.

CROSS BOW
The strongest bow in Faria.
Armor

The defensive weapons include armor and shields. The armor has higher defense points; buy the highest quality possible.

**TUNIC**
This is classified as armor, but it's not very different from ordinary clothing.

**PELT ARMOR**
This is more practical than a Tunic. Hold on to it for a while.

**CHAIN ARMOR**
This is better than the Tunic or Pelt Armor, but its defensive power is not terribly strong.

**IRON ARMOR**
This one has defensive power that matches its price. An excellent value!

**STEEL ARMOR**
The strongest armor made in Faria that can be had for a price.

**SUPER ARMOR**
Armor such as this is of strength so great that words cannot describe. Only a brave and fortunate warrior may acquire such an armor, by befriending the mysterious Lizard Man.

Shields

As well as your armor, a shield is necessary to protect you from the arrows of thine enemies.

**WOOD SHIELD**
This is the only available shield at the beginning of your adventure. Reasonably priced, it will provide adequate protection from the arrows of your enemies.

**PELT SHIELD**
This shield provides slightly better protection than the Wood Shield.

**IRON SHIELD**
An Iron Shield has good strength and is durable. A worthy shield to possess.

**STEEL SHIELD**
This is the strongest shield available, and it is quite expensive.
Other Items

There are many items you can buy in the kingdom of Faria. You may need every item to complete this difficult adventure. In some cases, you may have to figure out how best to use an item. Sometimes, just owning an item can be effective. The secret is knowing when to use them.

**LIGHT**

An ordinary flashlight. You will need batteries to make your flashlight work. Remember that batteries do not last forever! A flashlight is a necessity when you enter a cave.

**GOLD STONE**

You must have it when fighting against the Boss Monster of the Broww Tower. The Master of the first cave may give a stone filled with this precious metal to you.

**WINGS**

With wings, you may travel back to any of the townships you have visited before. Wings are always handy to have.

**BATTERY**

Unless you buy a battery, the flashlight won't work.

**SHADOW**

You may use the Shadow to make yourself invisible for a certain period of time. No enemy can see you. It is inexpensive, and it can be very useful.

**GOLD ARROW**

You need this to kill a certain powerful monster. You may get this rare arrow from the Mystical Goddess of the Lake.

**BOMB**

Bombs are not easy to use, since they don't explode immediately. But they are very powerful if they strike an enemy and explode. You can carry a maximum of 250 bombs. When you buy a Bomb, the number of Bombs that you have will be displayed at the bottom of the screen.

**CAPSULE (WONDER CAPSULE)**

The only wonder antidote in Faria. You can buy it in the hospital located in the township of Riria.

**MAGIC SEDE**

You can use this magic to attack enemies in front of you. You can carry of maximum of 250 Sede at one time. When you buy the magic and equip yourself with it, the amount of magic that you have will be displayed at the bottom of the screen during battle scenes.

**MAGIC GLASSES**

These are sold only in the township of Shilf. With the Magic Glasses, you can see things you couldn't see otherwise.

**JEWEL**

This does not help at all in fighting against the enemies, but it does have one merit. Unlike other items, if found you may sell the jewels for 90% of the suggested retail price.

**SEED (MYSTERIOUS SEED)**

If you defeat the Boss Monster in the Tower of Broww, the people of the township of Highria may reward you with this mysterious Seed. You will need the mysterious Seed to get to the township of Riria.
SKY SHOES
You may obtain these astounding shoes if you are capable of defeating the Boss Monster who lives within the North Tower. See the Lady Shopkeeper who works at the general store near the foot of a large mountain. She will send you up to the Sky World.

CRYSTAL
Using the Crystal will reveal the truth. You must possess the Crystal of Truth to enter the Phantom Tower. If, in your journey, you wander into the township of Zellia, visit the wise old Master. If he finds you a worthy candidate, he may give you the Crystal of Truth.

PARAPO
If attacked by certain monsters, you will be paralyzed for a brief time. This medicine will cure you and let you move once again.

LETTER
The people of the township of Tegza may issue a Letter of Passage. You will need such a letter to board upon ocean-going vessels that travel toward Shilf.

MAGIC ROPE
After surviving the perils to be met in the Sky World, only a brave and lucky warrior may stumble across a coil of Magic Rope. With this rope, you can climb the cliff you couldn't climb before.

MAGIC SABA
You can use this magic to attack enemies that try to surround you. You can carry only 250 spells of this powerful magic. The amount of magic you have equipped yourself with is displayed at the bottom of the screen during battle scenes.

FLASH BALL
You can use the wondrous Flash Ball to escape from any tower or cave. If you use the wondrous Flash Ball with the Wings, your adventuring will be all the more easy on your feet.

JUMP SHOES
This pair of shoes can be purchased in the township of Beig. Without powerful shoes like these, no living creature would stand a chance against the Dragon who lives deep within the Final Tower.

TRANSLATION MACHINE
If you are kind to the terrified people of Teodoor, and do them a great favor, they may give you a gift of a Translation Machine. Translation Machines are very useful to have when talking with Lizard Men.

RING
If you wear this ring, little by little you will recover Hit Points when fighting against enemies. You may be fortunate to find a ring with such great power closely guarded deep within the Broww Tower!

MEDICINES
There are four types of Medicines: Balm, Salve, Poultice and Elixir. Each has a different level of effectiveness, but all of them will restore your Hit Points. It would be wise to carry much medicine on your journey.

HYPERSONEED
This is an important item. There are three types of Hyperspeed, and all of them enable you to move faster during battle.

ANTIDOTE
There are four types of Antidote: Red, Blue, White and Universal. If you get poisoned by the enemy, use an antidote to neutralize the poison.
